The Iconic Leo Berry's Gym - Richmond Boxing Club Inc. has been involved in training both professional and amateur Sporting teams and clubs for many years. Our sessions can be designed to accommodate any sporting endeavor and have a huge emphasis on team building. The circuits are generally boxing based (bags, pads, skipping, exercises etc.) however they can include other activities such as weights, cross-fit and running. We will provide you with boxing gloves (although better to bring your own if you have them). They are a wonderful way of delivering an alternative training method and can help break up your normal training routine. We run lots of sessions for teams and clubs annually and each year the demand for our sessions continue to increase, a good sign that we are delivering a fantastic alternative fitness experience.

Some examples of our participating clubs have been:
